percentage : **73**

SKILLS

Technical Skills Core Java, Jdbc, Hibernate, Servlet, Spring, SQL, Html, Css.

Soft Skills Time Management, Active Listener, Analytical Skills.

TRAINING

Software Development Course in Jspiders,Rajajinagar,Bangalore.

PROJECTS

Fire Fighting Robot. Many fire disasters occur all over the world which result is high loses of buildings, factories etc. Many of the time the fire is uncontrollable in buildings and many other places due to less sources. Its hard to access the internal buildings rooms for fire fighters due to high temperture There must also be many explosive materials which may results in large scale complications. According to reports over 1.6 million fire incidents occurs which results in 27,027 deaths. Looking at these problems faced by Indian fire fighter we've proposed our project in which the robot is used to extinguish the fire by entering various buildings through a distance in order to reduce risk..
